SPECIFICATIONS: (Page 1 of 2)

Low Profile clip LP-DF8 is designed for soft core material, self taps into plasterboard (drywall) and is used with male Low Profile clips, centre point and install tools.

USE WITH:
LP-M8A  LP-SM8AS

MATERIAL:
White acetal copolymer

MORE INFO:
Installation Guide LP-DF8
Clip Layout Guide TD-02, TD-08

APPLICATIONS
• Covered or painted and prefinished panels
• Acoustic panels
• Refits and upgrades of existing installations
• Bed heads, artwork

BENEFITS
• Hidden fixing
• Self taps into drywall plasterboard min. 10mm thick
• Perfect panel alignment with secure mounting every time
• Remove and refit panels in any sequence multiple times
• 5kg pull out load per clip
• Allows for flexing and expansion of panel

INSTALLATION: Partially exploded through section showing typical installation method

The Fastmount® multi-award winning system has revolutionized the mounting of panels. Panels can easily be removed and refitted in any sequence time after time. For further information or technical support contact: info@fastmount.com
